

Technology Site Visit

>> Ingenious assembly systems for the industry of the future - Modular systems based on aluminium profiles <<

MiniTec GmbH & Co. KG, à Schönenberg Kübelberg (DE)

Tuesday, 29th of November

- | | |
|--------------|---|
| 12:15 | Arrival of participants |
| 12:30 | Welcome and opening lunch <ul style="list-style-type: none">– Patrick JAECK, Director MiniTec France– Vincent CAREL, CCI Grand Est, PAE Project Manager |
| 13:30 | Presentation of MiniTec |
| 14:30 | Visit of the factory and the internal training school |
| 15:30 | End of the event |

Registration :

To register for this event, please send your contact details (company, name, surname, job title, telephone number, email, company activity) to :

- **France : Vincent CAREL - v.carel@grandest.cci.fr - +33 (0) 6 38 80 65 17**
- **Germany : Andreas LANGSDORF - andreas.Langsdorf@gfe.de - +49 (162) 901 60 64**
- **Luxembourg : Anthony AUERT - anthony.auert@luxinnovation.lu - +352 621 985 163**
- **Wallonia : Cendrine MARCHAL - cendrine.marchal@technifutur.be - + 32(0)496 99 59 01**

Additional information for this Technological Site Visit day :

Location :

MINITEC GmbH
MiniTec Allee 1
D-66901 Schönenberg-Kübelberg
<http://www.minitec.com>

Additional information :

MINITEC GMBH

Since its foundation by Bernard Bauer in 1986, MiniTec has gradually developed from a specialist for miniature guides to the technological leader in the modular construction market.

At ten locations in Germany, France, the USA, England, Spain, Slovakia, Slovenia and China, 360 experts develop customised solutions for MiniTec customers.

A network of more than 60 partners around the world provides solution-oriented advice and high-quality service on site.

The slogan of Minitec : "MiniTec: The Art of Simplicity". The fully modular approach avoids the need for additional components. Through dedicated CAD-CAM use, the design and implementation of MiniTec solutions combine cost-effectiveness with high reliability.

In accordance with the MiniTec philosophy, the production of all essential components of the modular system and the linear guide modules is in our own hands, as are all competences for the continuous optimisation of our own quality standards.

With the MiniTec construction system, high-performance solutions can be realised for the most diverse applications in all branches of industry.

MiniTec's customers include major industrial companies all over the world. In cooperation with leading research institutes such as the DFKI and the Fraunhofer Institute, MiniTec works on forward-looking developments in the fields of ergonomics or Industry 4.0 with solutions that meet the highest technical standards. "MiniTec: The Engineers Choice!".

Some figures on MiniTec:

- 10 locations worldwide
- Presence in 60 countries
- 360 employees worldwide

Who do we want to dedicate this event to?

1. Production companies in the automotive sector and in all industries, of all sizes, who are interested in innovative production solutions.
2. Solution providers (systems, engineering, services) in production planning who can use/offer these technologies.
3. Partners
